

JANUUS

SENIOR APP DEVELOPER INTERNSHIP

Jump into the game with a crew that's all about innovation, growth, and making real impacts! 🚀 If you're on the hunt for an internship that's more than just coffee runs and endless photocopying, you've hit the jackpot with us!

Here, you'll collaborate with a team that values fresh ideas, bold creativity, and a can-do attitude. We're on a mission to shake things up and we believe that new perspectives – like yours – are the secret sauce to our success. ✨

Get ready to dive deep into projects that matter, where your work doesn't just stay on the drawing board – it comes to life, influencing and inspiring the community around us. You'll be part of a dynamic ecosystem, where learning from each other is part of the daily routine, and your contributions have the power to spark change.

So, if you're eager to leave your mark, develop your skills, and be part of a team that's pushing the boundaries of what's possible, let's make it happen. Together, we'll explore new horizons, support your professional journey, and have a blast along the way. Welcome to the squad – let's create, innovate, and inspire. 🌟👏

Who you are:

- Possess extensive experience in mobile application development across multiple platforms such as iOS, Android, and/or hybrid frameworks
- Demonstrate proficiency in programming languages commonly used in app development such as Swift, Kotlin, Java, Flutter or React Native
- Showcase a strong portfolio of past projects demonstrating innovative app designs, efficient code structures, and successful app launches
- Have strong communication and interpersonal skills
- Able to work independently and provide updates to engineer team
- Bilingual (would be nice to have)

Here you will:

- Lead the development of high-quality mobile applications from concept to deployment, ensuring adherence to best practices and industry standards
- Collaborate with cross-functional teams including designers, product managers, and other developers to translate requirements into functional and user-friendly app features
- Develop your leadership skills by mentoring and guiding junior developers, fostering a culture of continuous learning and growth within the development team
